AYUSH KUMAR

About Me

My name is Ayush Kumar. I'm a final-year student of **MCA of Maharshi Dayanand University.** And I'm also pursuing **BS in Data Science & Applications** from **IIT Madras.**

I love to solve challenging problems and discover a solution for it. Whether it's about writing a line of code or to give some visualization. As long as there's a problem to tackle or a challenge to puzzle over. It's a bond to something which I bound to love!
